New Henkel online seminar on the topic of "Food Packaging"

Webinar "Smart Cure Laminating Adhesives"

Food packaging safety is an issue to which Henkel – as the world's largest adhesives manufacturer – is deeply committed. On its newly created knowledge platform "Food Safe Packaging Portal Europe," Henkel will be holding a webinar on "Smart Cure Laminating Adhesives" on July 12 from 10:00 to 10:45 AM (CEST). Mr. Dennis Bankmann will talk about the risks associated with primary aromatic amines in food packaging and shows Henkel's food safe packaging adhesive solutions to minimize these risks.

The purpose of the live webinars is to shed light on important issues surrounding food packaging safety. Participants will also be able to pose their questions live and online to the Henkel presenters while the webinars are still in progress. Those interested in participating can register at www.henkel.com/foodsafety. Once they have registered, they will also gain access to the Premium Area, which offers further webinars, white papers, a comprehensive glossary, and videos covering a range of key issues.

Henkel operates worldwide with leading brands and technologies in three business areas: Laundry & Home Care, Beauty Care and Adhesive Technologies. Founded in 1876, Henkel holds globally leading market positions both in the consumer and industrial businesses with well-known brands such as Persil, Schwarzkopf and Loctite. Henkel employs about 47,000 people and reported sales of 16,510 million euros and adjusted operating profit of 2,335 million euros in fiscal 2012. Henkel's preferred shares are listed in the German stock index DAX.
