Webinar „Risk assessment in the supply chain“

Food packaging safety is an issue to which Henkel – as the world’s largest adhesives manufacturer – is deeply committed. On its newly created knowledge platform “Food Safe Packaging Portal Europe,” Henkel will be holding a webinar on “Risk assessment in the supply chain” on July 4 from 10:00 to 10:45 AM (CEST). Mrs. Monika Tönneßen will give an overview about regulatory requirements and show Henkel’s contribution in terms of information flow along the supply chain.

The purpose of the live webinars is to shed light on important issues surrounding food packaging safety. Participants will also be able to pose their questions live and online to the Henkel presenters while the webinars are still in progress. Those interested in participating can register at www.henkel.com/foodsafety. Once they have registered, they will also gain access to the Premium Area, which offers further webinars, white papers, a comprehensive glossary, and videos covering a range of key issues.
